DIGITAL SANITY SUMMIT 2020

Navigating Technology in the Modern World of Parenting

Register: DigitalSanitySummit.com

No matter how much we love or hate technology, it is now a lifeline -- our social connection and access to work and school. So there's no better time to make technology work for our families!

Pre-register now for a series of 18+ in-depth interviews with the most highly regarded experts on Technology and Parenting in the world. Gain insights and guidance for parenting in a pandemic.

Learn:

- To identify the real risks and challenges of technology and guard against them
- To make the most of technology's gifts & opportunities, especially now
- Practical solutions and effective strategies for parent oversight and management
